SUMMARY

Working on **Agent development and evaluation** at **YouWare**, a fast-growing vibe coding platform. Also heading **YouWare Labs**, exploring experimental directions. 8+ years in ML/AI with a deep foundation in recommendation systems. Passionate about coding agents – open-source contributor with **1k+ GitHub stars**, **Cursor Ambassador** in China.

TECHNICAL SKILLS

Coding Tools

Cursor Claude Code Codex OpenCode Gemini CLI

ML & AI

Agent Evaluation Agent Harness Context Engineering Recommendation Systems

Languages

Python SQL Java TypeScript

EXPERIENCE

Algorithm Engineer · YouWare Jul 2025 – Present

- Led Coding Agent system architecture iteration
- Designed and implemented Agent evaluation framework for end-to-end website generation
- Built homepage search and recommendation system from scratch
- Initiated YouWare Labs (labs.youware.com) as innovation pilot program

Staff Machine Learning Engineer · AfterShip Oct 2021 – Jun 2025

- First hire (#1) for AfterShip Personalization, empowering 10,000+ global e-commerce sellers
- Owned end-to-end ML pipeline: recommendation algorithms, ranking models, and A/B testing
- Provided algorithm-driven insights to support product roadmap and GTM strategy

Senior Machine Learning Engineer · Douban 2017 – Sep 2021

- Built Douban App homepage feed recommendation system from 0 to 1, serving millions of DAU
- Added audio content features to the Douban FM music recommendation system

OPEN SOURCE PROJECTS

llm-min.txt – Token-efficient doc compression for LLM contextgithub.com/marv1nnnnn/llm-min.txtCompresses technical documentation into minimal formats optimized for LLM consumption. 670+ stars, reached #2 on Hacker News daily.

RooRoo – Multi-agent coding framework for VS Codegithub.com/marv1nnnnn/roorooOrchestrates specialized AI agents (architect, coder, reviewer) to collaboratively complete software engineering tasks. 380+ GitHub stars.

ACTIVITY

Cursor Ambassador (China) 2025Cofounded Cursor China Community. Organized 8 meetups and 2 hackathons, attracting 1,000+ attendees.

Speaker · YouWare 2025Presented at AdventureX, Hack4SDG, and YouWare Hackathon on vibe coding and AI agent development.

EDUCATION

M.S. Acoustics · Nanjing University 2014 – 2017

B.S. Physics · Zhejiang University 2010 – 2014
